BOOK SYNOPSIS

Wolf Shifter Broderick is stuck looking after his three younger brothers and a Collarless Shifter who is driving him crazy, but he's putting up with it for Joanne, the human woman he, for some reason, wants to impress. Joanne Greene, while grateful to Broderick for rescuing her sister, doesn't know what to make of him. She's been a loner most of her life, better able to relate to computers and coding than to people, until she's drawn into the world of the Shifters. Broderick is everything Joanne is not—a fighter and a tracker, from a rough-and-tumble family, better at working with his hands than understanding the netherworld of Joanne's computer programmer life. Broderick is also extremely protective, wanting to draw her under his care as he does everyone else. When Broderick is captured, mistaken for a Guardian, it's Joanne who figures out that hackers are after the Guardian Network, the database that holds the deep secrets of Shifters past and present. Strangely Broderick now holds the key to stopping the hackers from releasing deadly danger on the Shifters, and Joanne with her coding skills is the only one who can help him. A short novel of the Shifters Unbound series. Events take place after Bear Attraction.
