BOOK SYNOPSIS

Dragon shifter Asher Owens has just been accepted to the prestigious Top Scale Academy. In a world where shifters are not born with the instinctual grace of their animals, it is a supreme honor. There he will learn how to fly gracefully, fight with his animal, and of course, how to use his breath weapon. If he passes, he could even become a Guardian, a protector of Cadia, his home. That is if he doesn't get expelled for harboring an illegal human woman, who has managed to steal his heart in the process. Quinn Bryant knew she wasn't supposed to enter Cadia. It was shifter territory, and it was entirely possible that if she were caught she would never be seen again. But the opportunity to get that elusive picture of shifters interacting with each other was too tempting to pass up. Now hunted and hiding out at the house of a mysterious dragon shifter, Quinn has come to realize she has been so very wrong about shifters, and one sexy Frost Dragon in particular. But when he discovers her true reason for being there, Quinn knows she can no longer stay. Can she make it out of Cadia alive? Or will other forces prevent her and Asher from realizing the truth behind their blossoming romance?
