BOOK SYNOPSIS

Ideal for quick reference at the bedside, The Little ICU Book is a smaller, condensed, compact, and portable version of The ICU Book, Third Edition. Most of the chapters in the larger book have been retained in the little book, but each chapter has been completely rewritten to include only the most essential information. The content is presented in outline format for easy access, and the book is densely packed with facts and formulas that represent the essentials of patient care in the adult ICU.
