BOOK SYNOPSIS

Thinking Like an Engineer: An Active Learning Approach, Third Edition, is specifically designed to utilize an active learning environment for first-year engineering courses. MyEngineeringLab for Thinking Like an Engineer is a complete digital solution for your first-year engineering course. MyEngineeringLab is an online homework, tutorial, and assessment program that truly engages students as it offers customized, self-paced learning with instant feedback. Students will be prepared ahead of class, allowing you to spend class time focusing on active learning. Teaching and Learning Experience This program will provide a better teaching and learning experience—for you and your students. It will help:

- Personalize Learning: MyEngineeringLab provides students with a personalized interactive learning environment, where they can learn at their own pace and measure their progress.
- Encourage Guided Inquiry: To create meaningful learning experiences, in-class activities include collaborative problem solving, computer-based activities, and hands-on experiments.
- Reinforce and Expand on the Activities: Homework assignments and review sections help students conceptualize topics.
- Customize your Course: Content can be customized to match the topic organization in your course syllabi.
- Keep Your Course Current: Content is refreshed to provide the most up-to-date information for your course.
